### The Theory and Practice of Minor Illness Management in Primary Care (Online Delivery) - 6 Month RCN Accredited Course

A reminder that the next Minor Illness course that was due to start on January 27<sup>th</sup> has been delayed until March 10<sup>th</sup> due to workforce commitments at this time. The current course is delivered online and funding options are available that will pay for the majority of the course.

Please contact [oxfordshire.training@nhs.net](mailto:oxfordshire.training@nhs.net) for further details.

### One Day Minor Illness Update Course

We will be running Minor Illness Update Courses on 10<sup>th</sup> March and 15<sup>th</sup> April. Suitable for professionals who have completed a Minor Illness course and are interested in updating their knowledge.

For further information contact [oxfordshire.training@nhs.net](mailto:oxfordshire.training@nhs.net)

### Primary Care Careers Support Website

**Did you know there's a website for all the career support you need? The website has been developed for GPs and Nurses working in the BOB region with information and resources focussing on career development opportunities and support including:**

- [Coaching and Mentoring](#)
- [Career Pathways](#)
- [Training and CPD opportunities](#)
- [General Practice Fellowships](#)
- 1-hour free consultation with trained careers advisor

Visit [Primary Care Careers \(primarycarecareers-bob.nhs.uk\)](http://primarycarecareers-bob.nhs.uk)  
The website is continuing to expand to provide resources and support for other primary care professionals. We will keep you informed as more resources are added.

## Long Covid-19 Recovery & Rehab Training

Have you heard about the Long Covid-19 Receiver & Rehabilitation Training, we are offering via Bucks Training Hub across BOB and Frimley?

There are 30 places available on each course and information on how to book your place can be found by [visiting here](#).

## Public Health CPD, Training and Resources

### **Oxfordshire: Making Every Contact Count and Physical Activity Clinical Champions training**

**When:** 19<sup>th</sup> January 2021, 1.30-3.00pm

This MECC Training course is intended for individuals who are working in the community, including volunteers. This training is a free, interactive online training, for anyone working with the public (face-to-face or via phone) in Oxfordshire in a voluntary role.

**Book** your place [here](#).

### **PHE Physical Activity in Clinical Care - Online Training**

**When:** Wednesday 20<sup>th</sup> January 1-2pm **or** Tuesday 26<sup>th</sup> January 1-2 pm

**Who should attend:** Registered healthcare professionals in Bucks, Oxfordshire and Berkshire

Participants attending this 1-hour training will learn more about the benefits of physical activity, current CMO guidelines, how to provide brief advice during consultations and signposting. A CPD certificate is available following training. These sessions have been

funded by Public Health England (PHE). For more info contact:

[casey.dunlop@getberkshireactive.org](mailto:casey.dunlop@getberkshireactive.org)

Book your place [20<sup>th</sup> Jan here](#) or [26<sup>th</sup> Jan here](#)

**Applying the Behaviour Change Wheel using the Achieving Behaviour Change (ABC) guide. Focus on the Coronavirus Vaccine Uptake.**

**When: Thursday, 11<sup>th</sup> February 2021, 9.30-12.30**

HEE SE is working with the South East Behavioural Sciences Hub to produce a series of webinars. This is second in the series.

The session is chaired by Dr Ruchi Baxi, Deputy Director of Clinical Teaching, Nuffield Department of Population Health, University of Oxford; and speakers are Dr Tim Chadborn, Head of Behavioural Insights and Evaluation Lead, Public Health England and Dr Paul Chadwick, Associate Professor in Behaviour Change and Deputy Director of Centre for Behaviour Change, UCL. **Book you place [here](#)**

## SCW IT Training Team

The SCW IT Training Team are aware that Primary Care is extremely busy during this difficult time. With this in mind we wanted to remind you we're here to help you with **FREE\*** support and training. If you have staff doing different jobs that need hand holding, or advice, or if you are using unfamiliar parts of EMIS, SystmOne or Vision and need some expert guidance please don't hesitate to ask. Here are just a few examples of areas we have recently been asked to support:

- Appointment Book set up
- New staff set up
- Help with Searches
- System Configuration
- Creating Protocols to semi automate or speed up work areas [not included for Vision practices]
- Managing your workflow [not included for SystmOne practices]
- And many other areas

We can offer support and training sessions from 5 minutes to 2 hours and anything in between to suit your needs. We also have trainers available to call you on the day to provide support or signpost you to the correct specialist.

**To arrange support please email: [training.scwcsu@nhs.net](mailto:training.scwcsu@nhs.net)**

## General Practice Fellowships

We are currently recruiting for the **March 2021** intake to the local **New to General Practice Fellowship Scheme**. The General Practice Fellowship is an NHS England funded 2-year programme of support for newly qualified GPs and nurses as they begin their careers in General Practice. We are now able to offer places to any GP or Nurse who qualified in the

last 12 months and have a substantive post (salaried or partnership) in a practice in Buckinghamshire, Oxfordshire or Berkshire West

The scheme offers regular mentoring with an experienced, external mentor, career coaching, monthly group CPD sessions designed to address learning needs of those new to practice, peer support and career development opportunities. There are backfill payments (pro rata) available to the practices, to support each fellow to attend the regular monthly CPD sessions. The first cohort of fellows started the programme in September and so far we have received lots of positive feedback.

For further details and application form go to:

<http://primarycarecareers-bob.nhs.uk/newly-qualified-general-practice-fellowhips/>

## Invitation to facilitate the Physician Associate teaching programme

The Physician Associates' Regional Teaching Programme in Thames Valley and Wessex is due to launch from February 2021. This **teaching programme is for qualified Physician Associates** and the content of the session should be similar to the knowledge expected of a Foundation Doctor or above.

**Clinicians are invited to facilitate a session for the teaching programme to be delivered to *qualified* Physician Associates.** If you are interested in facilitating a session complete the form linked below. You are also welcome to forward this email to any doctors, ACPs, ANPs or AHPs who may also be interested in facilitating teaching.

<https://healtheducationyh.onlinesurveys.ac.uk/pa-regional-teaching-thames-valley-and-wessex-registra>

All teaching will be hosted on Microsoft Teams until further notice and there will be a member of the admin team available to provide technical support during the session. Thank you in advance for your support and we look forward to hearing from you soon.

## GatewayC Platform

GatewayC is a free online cancer education platform developed for primary care professionals across England, aiming to improve cancer outcomes by facilitating earlier diagnosis and improving patient experience. There is a new course available on the GatewayC platform: Managing Physical Effects. You can register on the platform here: [www.gatewayc.org.uk/register](http://www.gatewayc.org.uk/register).

This course will support you to:

Understand different types of cancer treatments and their short- and long-term side effects

- Explore how to support patients living with peripheral neuropathy and lymphoedema

- Understand the impact of cancer treatment on cardiac and bone health and how to monitor this in primary care

Please [click here to see the flyer for this course.](#)
